

X3G - 360° MULTI-LINE LASER GREEN BEAM

■ Precise and efficient

- 360° 3-line projection for horizontal, vertical, top level / low, square
- Operating range: 35 m depending on brightness - 50 m with detection cell (not supplied)
- Green beam: 4 times more visible beam for unmatched visibility even in daylight (515-530 nm)
- Pulsed diodes for outdoor use with sensor cell (not supplied)
- Leveling range +/- 4°
- Accuracy: +/- 3mm to 10m
- Design housing with a very small footprint to work as close as possible to the wall
- Double metal thread 1/4" and 5/8" for tripod mounting

■ reliable and strong

- Runs on internal or continuously connected Li-Ion battery
- Waterproofness: Dust and Splash Resistant (IP 54) – Class 2
- Heads protected by metal shells and body with soft-grip rubber coating for greater robustness
- Cap to protect the jack connection
- Body fully protected by soft-grip rubber coating with easy and safe grip location
- Locking the pendulum for safe transport

Delivered with PRO-STACK™ briefcase with a target, Li-Ion battery charger, multi-holder and goggles
