

15-D 7-piece separator set with separating diameter 30 mm - 200 mm & reach 550 mm

APPLICATION IMAGE

DETAIL IMAGE

DESCRIPTION

The 15-piece separator set 7 is used for pulling ball bearings, roller bearings, inner rings, and other flat-lying parts in crafts, industry, and workshops when there is insufficient space for puller jaws. The separating and pulling process is capable of initially separating those parts gently before they can be pulled out externally. This 4-piece set includes one separating device and one pulling device, as well as a pair of extensions, ensuring the full range of applications is covered.

APPLICATION AREA

For pulling off ball bearings, roller bearings, inner rings and other parts that lie flat on the surface

BENEFIT

- Application-oriented assembly for universal use
- By storing it in the box, the completeness of the set can be easily overviewed.
- The sharp edges enable peeling where other peeling methods are not applicable.
- By screwing together the separating and pulling device, the highest stability during pulling is ensured.
- If the separators are screwed into the puller device the other way around, the supporting surface is enlarged and removed more gently.

OPERATION

- Press the sharp edges of the separating device behind the part
- Clamp the separating jaws using the pressure spindle by evenly tightening the adjusting nuts on the side bolts of the separating device and ensure that the separating knives sit firmly underneath the part to be removed
- Screw the pull bolt of the puller device into the threaded holes of the separating device until it stops
- Hold the separating device and securely and carefully remove the relevant part by tightening the clamping nut

MASTER DATA

| | |
|-------------------------------|--------------------------------------|
| GTIN [EAN] | 4021176007866 |
| Country of origin | DE |
| Case material | Tool steel |
| Series | K-15 |
| Net weight [kg] | 32,18 kg |
| Package contents | 1 set |
| Packaging Act | PAP 21 |
| Global sales capability given | Yes (REACH, RoHS, POP, PROP65, TSCA) |

SPARE PARTS

- 015401_Side bolt with nut
- 15-4_Separator
- 18-4_Extractor Device
- 18-4-T_Crossbar
- 19-4-P_2 Extensions for pullers
