

70-B 47-piece Bearing Puller Set for Large Deep Groove Bearings

DETAIL IMAGE

DESCRIPTION

The 47-piece ball bearing puller set 70-B is used for non-destructive removal of deep groove ball bearings without dismantling the shaft in craft, industry, and workshop. With these pullers, bearings that are simultaneously seated in a housing and on a shaft can be removed easily and quickly, and can be reused if they are not already damaged. The series 70 impresses with its specially designed jaws for precise installation into the bearing raceways, which enable the safe removal of small to large bearings.

APPLICATION AREA

For non-destructive extraction of deep groove ball bearings without dismantling the shaft

BENEFIT

- Application-oriented assembly for universal use
- By storing it in the box, the completeness of the set can be easily overviewed.
- Quick and secure selection by labeling the storage adapters
- In the sentence, in addition to the pullers, there are also the corresponding puller sets and extractor rings, ensuring optimal application at all times.
- Suitable for a variety of groove diameters through infinitely adjustable hooks and applicable internationally.
- Self-damaged bearings can be grasped by the adjustable hooks.
- The claw shape ensures a firm grip, which allows for high pulling forces to be developed.
- The puller is also suitable for the removal of sealed bearings from housing bores.
- The puller is rotatable 360° on the ring of the crossbar.

OPERATION

- Select puller and hooks according to the included table
- Place possibly matching support ring on the inner ring of the bearing
- Insert hook between the balls in the outer bearing ring
- Compress the hook at the top, tighten the tensioning disk firmly and pull off the ball bearing by tightening the center spindle

MASTER DATA

GTIN [EAN]	4021176320866
Country of origin	DE
Case material	Tool steel
Series	70-K
Net weight [kg]	19,44 kg
Package contents	1 set
Packaging Act	PAP 21
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)
