

1-V-100-S Pulling jaws extensions (set, 100 mm extension)

DESCRIPTION

The set of Pulling jaws extensions is used to extend the reach. This allows for the gripping of components that are seated particularly deep on a shaft. The extensions can be combined with each other as desired and thus adapted to the required reach.

APPLICATION AREA

To extend the reach.

BENEFIT

- Unlimited Extension of Reach
- Cross reception enables increased force intake and relieves the screw.
- Compatible with various hook types

MASTER DATA

GTIN [EAN]	4021176985065
