

K-59-1/14 Chain tensioner set with spread 9 mm - 46 mm (suitable for chain bolt diameter Ø 3,28 - 5,72)

DESCRIPTION

The 15-piece Chain Tensioner Set of Series 59 is used for separating, tensioning, and riveting chains. With this set, chains can not only be safely separated but also accurately riveted back together thanks to a pressing aid. This set prevents injuries caused by inappropriate tools.

APPLICATION AREA

To separate, tension, and rivet chains

BENEFIT

- Thanks to the pressing aid, the spacings of the rivet bolts can always be correctly adjusted, preventing the chain from being overly compressed.
- The set includes all important tools for chain processing.
- Application-oriented assembly for universal use
- By storing it in the box, the completeness of the set can be easily overviewed.

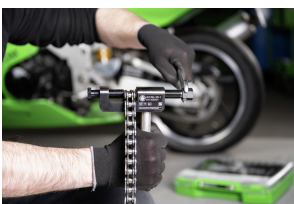

MASTER DATA

GTIN [EAN]	4021176000461
Country of origin	DE
Case material	Tool steel
Series	59
Net weight [kg]	2,465 kg
Package contents	1 set
Packaging Act	PAP 21
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)
