

SteamKote HT Pipe Dressing is a high temperature coating formulated to protect against corrosion on steam pipes, valves and deck equipment. SteamKote forms a flexible 'skin' when cured that will not crack, peel or harden even under harsh marine conditions.

Specifications

- Temperature Range: -40° C to +230° C
- Colour: Brown
- Weight: 16 kg/pail (35.5 lbs/pail)
- Dry to Touch: 24 hours
- Thickness Application: 3-4 mm
- Coverage: 0.5 m²/kg (2.5 ft²/lb)

Packaging

- Steamkote is available in 16 kg (35.5 lb.) pails

Item code	ISSA	Weight/Pail
9150	45 07 91	16 kg
9150-4		4 kg

SteamKote is the only pipe dressing that is non-flammable

Application Instructions

- 1 Surface must be ambient temperature.
- 2 Remove loose rust and dirt.
- 3 Be sure surface is dry.
- 4 Apply SteamKote evenly using a spatula or rubber gloves.
- 5 Allow 24 hours before resuming operation of equipment.
