

STEEL TEST PLUG

These are provided in sizes from 1.5", for more strenuous effort oriented duties such as long immersion in water and higher temperature. The plugs are merely inserted into the pipe and the wings tightened to force the top and bottom plates together, thereby expanding the rubber ring to seal tightly in the pipe.

These are used for pressure testing and stopping all pipework from 1.5 inch (38 mm) upwards. They are manufactured with $\frac{1}{2}$ ", 1" and 2" outlets as shown in the chart overleaf. The standard seals are made from natural rubber and special rubber seals are available for chemical applications where greater resistance is required. All plugs conform to British Standards BS 8005 for low pressure testing and sealing of pipes.

The Sizes and types available are as follows:

Product nr	Model	Size	Expansion range (mm)	Discription	Weight (kgs)	Pressure (bar)
73020000015	DKG01	1,5	39-48 mm	Steel pipe stopper 1½" 39-48 mm	0,1	3
73020000020	DKG02	2	49-60 mm	Steel pipe stopper 2" 49-60 mm	0,1	3
73020000025	DKG03	2,5	62-75 mm	Steel pipe stopper 2½" 62-75 mm	0,2	2
73020000030	DKG04	3	73-85 mm	Steel pipe stopper 3" 73-85 mm	0,2	1
73020000035	DKG05	3,5	84-95 mm	Steel pipe stopper 3½" 84-95 mm	0,3	1
73020000040	DKG06	4	96-108 mm	Steel pipe stopper 4" 96-108 mm	0,3	1
73020000060	DKG07	6	146-163 mm	Steel pipe stopper 6" 146-163 mm	0,7	0.6
73020000070	DKG08	7	170-195 mm	Steel pipe stopper 7" 170-195 mm	1,8	0.3
73020000080	DKG09	8	191-211 mm	Steel pipe stopper 8" 191-211 mm	1,8	0.3
73020000090	DKG10	9	216-235 mm	Steel pipe stopper 9" 216-235 mm	2,5	0.3
73020000100	DKG11	10	244-260 mm	Steel pipe stopper 10" 244-260 mm	2,7	0.3
73020000120	DKG12	12	296-314 mm	Steel pipe stopper 12" 296-314 mm	3,7	0.3
73020000140	DKG13	14	335-373 mm	Steel pipe stopper 14" 335-373 mm	5,9	0.3
73020000150	DKG14	15	365-397 mm	Steel pipe stopper 15" 365-397 mm	6,8	0.3
73020000160	DKG15	16	389-425 mm	Steel pipe stopper 16" 389-425 mm	7,4	0.3
