

Marine Products

Multipurpose Lubricants

Scan for Data / Info

CRC MARINE 66

CRC Marine 66 is a multi-purpose oil designed to provide longer protection and prevent damage due to water and salt atmosphere in marine engines and boating equipment. Its superior penetrating power breaks through rust and corrosion, loosens rusted parts and keeps them free, displaces water from wet equipment and cleans away scale and dirt. It displaces moisture out of ignition systems to help start wet engines. Spray on any parts prone to rusting after being in contact with salt water.

SIZE	400ml	4 Litre
CODE	6006	6008

CRC SYNTEX

CRC Syntex is a synthetic multipurpose lubricant, ideal when high lubrication qualities are required. CRC Syntex is a colourless, odourless and tasteless film that is effective within an extreme temperature range of -40°C to +350°C. It outperforms traditional lubricating oils and will not wash off or dry out. CRC Syntex does not contain acid, silicone or petroleum distillates, making it safe for use on rubber, metals, painted surfaces, fiberglass and most hard surfaces and allows treated surfaces to be repainted. Ideal where metal and rubber surfaces come into contact. CRC Syntex is the ultimate multipurpose marine lubricant.

SIZE	210ml	400ml
CODE	3033	3035

CRC 5.56

CRC 5.56 is a multi-purpose service spray that penetrates, lubricates and prevents corrosion. The original toolkit in a can, ideal for marine use.

CRC 5.56 forms a thin film that lubricates moving parts for smooth action and silences annoying squeaks and squeals. Superior penetrating power breaks through rust and corrosion, loosens rusted parts, displaces water from wet equipment and cleans away scale and dirt. It protects metals from corrosion caused by humidity, salt air and other corrosive atmospheres.

Multipurpose Lubricants

Scan for Data / Info

CRC TACKLEGUARD

CRC Tackleguard is specifically formulated to prevent and protect all forms of fishing and general equipment from corrosion. It cleans, lubricates, drives out moisture, prevents corrosion and protects even through periods of storage. A light spray once a day during fishing lubricates and protects. Apply at the end of the season or earlier if heavy use or continuous exposure to the elements occurs.

SIZE	130ml
CODE	6028

CRC MULTILUBE GEL

CRC Multilube Gel is a unique synthetic penetrating gel specifically formulated to provide a clean, odourless lubricant for high-pressure and high-temperature applications. It contains friction modifiers, anti-wear additives and tacking agents, does not drip off or fling off at high speed and resists hot and cold wash-off for long-lasting protection. CRC Multilube is the perfect marine lubricant for winches and bearings.

SIZE	210ml	500ml
CODE	5018	5014

CRC MARINE GREASE

CRC Marine Grease is a tacky blue grease specially formulated for use on boat trailers and other marine equipment. Based on an aluminium complex and fortified with an advanced additive package, it provides superior adhesion and excellent water shedding properties, resisting water wash out under the most severe water conditions. It protects from corrosion in salt air and water and other corrosive conditions. Great for trailer wheel bearings and rollers.

SIZE	397g
CODE	3121

CRC WIRE PULLING LUBE

A water-soluble polymer gel with PTFE specifically designed to facilitate smooth pulling of wires and cables. It provides superior lubricity throughout the entire pull and avoids wire damage from high pulling forces. It dries to a very thin film that will ease cable removal if required.

SIZE	1 Litre	20 Litre
CODE	2053	2055

CRC SILICONE GREASE

CRC Silicone Grease is a thin non-curing silicone grease designed for sealing, lubricating and waterproofing rollers and moving parts. It insulates valves, electrical contacts, spark plugs, battery terminals and fasteners from moisture and protects against corrosion. It is resistant to oil, water and chemicals and with a temperature range of -40°C to +200°C it will not harden, freeze, dry or melt. CRC Silicone Grease is ideal for boat and trailer light-fittings and sockets.

SIZE	75ml
CODE	3036

Multipurpose Lubricants

CRC DRY GLIDE

CRC Dry Glide PTFE is an advanced multi-purpose dry film lubricant that cures to a non-staining micro thin film. It penetrates and provides long lasting lubrication where conventional wet film lubricants are difficult to apply or retain. CRC Dry Glide PTFE may affect some painted surfaces; may discolour or damage some plastics.

SIZE	150g
CODE	3040

CRC DRYLUBE

CRC Drylube is a high-performance dry film lubricant that is applied wet and quickly dries to a non-staining micro-thin film of PTFE particles. It is formulated for extreme heavy loads, sliding mechanisms and open gears in applications where the use of wet lubricants is not desirable.

SIZE	500ml
CODE	3049

CRC 808 SILICONE

CRC 808 Silicone is a multi-purpose silicone spray for general lubrication. It lubricates, waterproofs and revives without damaging treated surfaces or leaving marks or stains. It provides ongoing protection over a wide range of temperatures and pressures. CRC 808 Silicone lubricates and revives plastic, rubber rollers and is ideal for use on metals, plastics, rubber, fabrics, wood, glass and painted surfaces.

SIZE	80ml	500ml	4 Litre
CODE	3052	3055	3056

CRC WHITE LITHIUM

CRC White Lithium Grease is a high-purity white lithiumbased grease with an advanced additive for long lasting lubrication, excellent water and heat resistance, corrosion protection and film strength. Ideal for lubrication of hard-to-reach areas.

SIZE	400ml
CODE	5037

CRC CDT

CRC CDT Cutting compounds are superior neat cutting, drilling, tapping and reaming lubricants formulated for hand and machine cutting on all types of metal. They significantly reduce friction and wear, increase cutting speeds, protect and extend tool life and ensure consistent, high quality surface finish.

Penetrating Sprays

CRC PENETR8

CRC Penetr8 is an industrial strength, low viscosity lubricant and penetrant designed to quickly loosen and free seized, bound or frozen fasteners. CRC Penetr8 quickly permeates rust, scale, gum, grease and corrosion. It creeps into cracks, seams, threads and joints with great efficiency and leaves a thin non-drying colourless film with outstanding lubrication and corrosion inhibiting properties.

SIZE	210ml	500ml
CODE	5500	5501

CRC PENETR8 FREEZE OFF

CRC Penetr8 Freeze Off is an industrial strength, low viscosity lubricant and penetrant with a unique freezing effect designed to loosen and free seized, bound or frozen fasteners quicker and more effectively than conventional penetrants. It immediately drops the temperature of the treated area to crack the surface allowing the high purity penetrant to reach deeper and work faster.

SIZE	400ml
CODE	5503

Corrosion & Protection

CRC SALT TERMINATOR

CRC Salt Terminator Engine Flush, Cleaner & Corrosion Inhibitor cleans & protects anything exposed to salt. Salt water, salt air and road salt can lead to rust, corrosion, vehicle damage and costly repairs. Salt Terminator dissolves destructive salt debris that can't be removed by water alone and leaves a protective coating, guarding against future corrosion. Regular maintenance with Salt Terminator can help extend the life of vehicles, trailers, tools, gear and equipment. Rinse off or simply spray and walk away.* With Mixer

CRC ZINC IT

CRC Zinc It offers the same advantages as hot-dip galvanising by forming a highly-protective coating with 95% highest purity zinc on bare steel or iron surfaces. It is ideal for repairing damaged galvanised surfaces or as a convenient and easy-to-apply alternative if hot-dip galvanising is not available. The zinc fuse directly to clean metal and form a bond that stops rust and rust creepage, even when scratched, abraded or dented. The quick-drying, tough coating is resistant to salt corrosion, water and heat and makes CRC Zinc It the premium product if long-term protection in harsh conditions and highly corrosive environments is required.

SIZE	350g	500g	1 Litre
CODE	2085	2125	2185

CRC COLOURED ZINC

CRC Coloured Zinc's unique formulation combines superior rust inhibiting properties of zinc with a tough but flexible enamel coating and a coloured gloss finish in recognised safety colours.

CRC BRIGHT ZINC

CRC Bright Zinc's unique formulation combines superior rust inhibiting properties of zinc with a tough but flexible resin coating for heavy-duty protection and the bright finish of new galvanising.

SIZE	400ml	1 Litre
CODE	2087	2187

Corrosion & Protection

CRC PRIME IT

CRC Prime It is a single pack penetrating shop primer with high levels of anti-corrosive zinc complexes. It is formulated for the protection of structural steel and iron and can be applied over clean or lightly rusted surfaces. It forms a durable protective coating with a red-oxide finish that does not require immediate overcoating.

SIZE	400ml
CODE	2091

CRC STAINLESS STEEL + ZINC

CRC Stainless Steel+Zinc's unique formulation combines superior rust inhibiting properties of zinc with a tough but flexible enamel coating for heavy-duty protection and a hard-wearing stainless steel finish.

SIZE	400ml
CODE	2092

CRC ETCH IT

CRC Etch It is a single pack etch primer with excellent adhesion to bare metal. It is formulated for etching and key-coating bare aluminium, stainless steel, brass, copper and galvanised metal surfaces and forms a tenacious key coat to provide adhesion for a paint system.

SIZE	400ml
CODE	2110

CRC SOFT SEAL

CRC Soft Seal provides a dry, transparent, amber waxy film for heavy protection of parts that will not wash or wipe off even in severe conditions. It is a premium heavy-duty, long-term, indoor/outdoor corrosion inhibitor for machined metal surfaces and assemblies subjected to long periods of storage or adverse shipping conditions. It is highly resistant to humidity, salt water and spray, chemicals and corrosive atmospheres.

SIZE	400ml	4 Litre
CODE	3013	3014

CRC LANOCOTE NATURAL

CRC LanoCote is an environmentally friendly product which exhibits superior corrosion protection and anti-seize properties. It offers outstanding, long-lasting protection in harsh conditions without compromising treated materials or harming the environment.

TYPE	Aerosol	Pot	Pot	Pack
SIZE	500ml	250ml	500ml	4 Litre
CODE	3020	3220	3222	3224

CRC LONG LIFE ANTI RUST

CRC Long Life Anti Rust provides superior lubrication and long-term rust prevention to all metals subjected to rust and salt corrosion. It is an excellent lubricant for extending the life of metal to metal sliding/rotating surfaces. CRC Long Life Anti Rust penetrates and coats surfaces, displacing moisture and preventing future moisture contamination.

SIZE	300g	4 Litre
CODE	3097	3098

CRC RUST CONVERTER

CRC Rust Converter is a fast drying coating formulated for treatment of rusted surfaces. It stops rust in its tracks. Neutralises rust and transforms it to a tough black primer. Apply to any rusted metal surface. Non flammable and contains no known carcinogens unlike other competitive products.

TYPE	Aerosol	Bottle	Bottle	Bottle
SIZE	425g	250ml	1 Litre	5L
CODE	14610	3073	18418	3075

CRC RUST REMOVER

CRC Rust Remover is a safe effective and fast remover of rust on steel and iron surfaces. It attacks rust, not uncorroded metal, and leaves treated metal surfaces clean and ready to paint, plate or powder coat.

SIZE	946ml
CODE	18420

Paints

Scan for Data / Info

CRC PAINT IT

CRC Paint It is a quick-drying enamel paint with a superb finish. It provides excellent coverage and dries to a durable tough petrol-resistant coating to protect metal and other surfaces. It requires no primer when applied to clean rust-free steel.

CRC BLACK IT

CRC Black It is a quick drying enamel paint with a superb finish. It provides excellent single coat coverage and dries to a durable tough coating resistant to solvents and abrasion for the protection of metal and other surfaces

FINISH	Matt	Gloss	Satin
SIZE	400ml	400ml	400ml
CODE	5110	5111	5112

CRC SAFETY GRIP

CRC Safety Grip provides a durable and long-lasting textured coating to most surfaces. The quality epoxy resin formula stands up to tough marine applications, providing a safe and effective slip resistant coating which is tack free in just 1 hour. CRC Safety Grip has excellent oil, gas and chemical resistance, and has superior durability over tape applications with no peeling and cracking.

Colour	Yellow	Transparent
Size	340g	340g
CODE	3825	3824

Engine & Trailer Cleaners

CRC CO CONTACT CLEANER

CRC CO Contact Cleaner is a general-purpose evaporating cleaner and degreaser for use on sensitive electronic and electrical equipment. It is formulated to quickly penetrate into hard-to-reach areas and effectively flush away carbon deposits, dirt, light oils, dust, lint and other light contaminants.

SIZE	250ml	500ml
CODE	2015	2016

CRC ELECTRICAL PARTS CLEANER

CRC Electrical Parts Cleaner is a quick-drying, non-chlorinated evaporating parts cleaner for use on electric motors and other heavy-duty electrical and mechanical equipment. It swiftly and effectively degreases, removes oil, dirt, wax and other foreign matter that are common causes of current leakages and electric inefficiencies.

SIZE	400g
CODE	2019

CRC XD8

CRC XD8 is an industrial strength citrus-based cleaner and degreaser formulated for powerful natural cleaning. The natural d-Limonene oil penetrates and lifts contaminants from surfaces, leaving them clean with no oily residue.

SIZE	500ml
CODE	3076

CRC AEROCLEAN DEGREASER

CRC Aeroclean Degreaser delivers a concentrated cleaning solution that dissolves and removes oil and grease from dirty engines. It leaves a detergent on the surface which emulsifies the remaining contaminants when flushed with water. Great for marine motors.

SIZE	500ml
CODE	5070

TRAILER MAINTENANCE

CRC RUST CONVERTER 18418 Bottle, 14610 Aerosol

Unique fast drying treatment for rusted surfaces. Stops rust instantly. Suitable for all marine metals, shackles, winches, draw bars, subframes, wheels and guards.

CRC RUST REMOVER 18420

Safe, effective and fast removal of rust on steel and iron surfaces. Ideal for all marine exposed metals, great as bath for small rusted parts.

CRC ZINC IT 2085

Forms a highly protective coating. Is ideal for repairing galvanised surfaces or an easy to apply alternative to hot-dip galvanising.

CRC BRIGHT ZINC 2087

Galvanic rust protection with the finish of new galvanising.

CRC BLACK ZINC 2089

Protects un-primed, metallic surfaces from corrosion.

The CRC Zinc range is ideal for shackles, winches, draw bars, subframes, wheels and guards.

DI - ELECTRIC GREASE 5107

Non-curing silicone compound for electrical sealing, lubricating protecting and insulating. Ideal for electrical contacts, boat electronics, trailer plugs and light sockets. Makes connecting and disconnecting fish finders a breeze.

CRC MARINE 66 6006

Multi-purpose oil designed to prevent damage due to water and salt atmosphere. Can be used on boat trailers, springs, shackles, domes and engines and boating equipment.

CRC SALT TERMINATOR SX128

Engine flush, cleaner and corrosion inhibitor cleans and protects anything exposed to salt. For use on boats, motors, trailers and vehicles. Hose applicator also available.

Brakleen®

The best cleaner for your job

The **CRC Brakleen** range are powerful, heavy duty cleaners and degreasers for brake, clutch parts and general mechanical equipment. They are formulated to quickly and safely dissolve and flush away grease, oil, brake fluid, transmission fluid, hardened deposits and other contaminants, without the need for disassembly. They safely settles and removes hazardous brake dust.

The CRC Brakleen range are non-staining, non-corrosive, leave no residue and evaporate quickly.

The CRC Brakleen range stops disc brake squeal and noise caused by contaminants, eliminates clutch slippage and helps brakes last longer and perform better. Tests by an independent laboratory show that the proper use of Brakleen brake cleaner improves brake efficiency by reducing stopping distances by as much as 24.3%.

The CRC Brakleen range is ideal for removing grease and contaminants from CV joints and wheel bearings and can also be used to clean, degrease or flush away built up dirt, grease and oil from workshop equipment, tools, other mechanical or industrial machinery and electrical contacts. (Equipment must be de-energised before cleaning. Fully ventilate equipment before re-energising equipment).

Cleaners

CRC INFLATABLE BOATS, TUBES & TOWABLES CLEANER

CRC Mary Kate Inflatable Boats, Tubes & Towables Cleaner safely and effectively cleans PVC, Vinyl, Hypalon, EVA, Nylon, Plastic, Neoprene and Polyurethane materials. This mild biodegradable cleaner contains no harsh abrasives or solvents, yet is strong enough to remove even the toughest stains and debris. Helps prevent corrosion of metal, rubber or nylon hardware. Will not fade covers.

SIZE	946ml
CODE	MK3832

CRC RUST STAIN REMOVER

CRC Mary Kate Rust Stain Remover penetrates unsightly rust drip stains on fibreglass. Restores rusted tools and metal hardware. Clings to stain for maximum effectiveness. Easy to apply: Brush on, rinse off.

SIZE	473ml
CODE	MK5316

CRC ALUMINEX HULL & BOTTOM CLEANER

CRC Mary Kate Aluminex Hull & Bottom Cleaner maximum strength formula quickly removes the heaviest oxidation and eliminates waterline stains, lime deposits and algae stains. Best suited for aluminium hulls with excessive stains and severe oxidation. Not for use on painted surfaces.

SIZE	946ml
CODE	MK3132

CRC CRYSTAL LAKES HULL & BOTTOM CLEANER

CRC Mary Kate Crystal Lakes Hull & Bottom Cleaner cleans and brightens while removing brown water stains, mould and algae stains, rust stains and more. Crystals mix with warm water to make a safe and economical hull cleaner. One container makes up to 22 litres of cleaner.

SIZE	567g
CODE	MK7320

CRC VORTX EASY ON BOAT WASH

CRC VortX™ Easy on Boat Wash is the most effective boat wash package, combining an advanced heavy duty biodegradable formula with E-Z Hose convenience. The premium high sudsing foam safely loosens, lifts and removes dirt, contaminants, grime, water spots, and scum lines, while leaving a brilliant streak-free shine.

Our revolutionary E-Z Hose system will change the way you wash your boat, simply plug & spray and you'll achieve a full coverage in minutes. Saving you time and energy, CRC VortX™ Easy on Boat Wash is the new way to wash your boat. No Bucket. No Mess.

CRC VortX™ Easy on Boat Wash is safe to use on all finishes including fibreglass and gel coat, and is Biodegradable and phosphate free.

CRC GLASS DOCTOR

CRC Glass Doctor restores glass by removing difficult stains, hard water spots, haze, mineral deposits and soap scum from all glass surfaces. Glass Doctor polishes away road grime, bugs, salt spray, tree sap, paint overspray, lime scale and acid rain deposits.

CRC Glass Doctor is ideal to use on glass windows on vehicles, boats and buildings, glass shower doors, mirrors, glass balustrades, gas and wood fireplace glass, aquarium and terrarium glass.

Features & Benefits

- Restores glass
- Removes difficult stains, hard water spots, haze, mineral deposits and soap scum from all glass surfaces

SIZE	220ml
CODE	9225

Specialty Products

CRC AQUA ARMOUR

CRC Aqua Armour is a high-strength, multi-purpose water repellent, providing long-lasting waterproofing for outdoor applications and fabrics. CRC Aqua Armour penetrates beyond the surface of the fabric, forming a strong and long-lasting protective barrier. Keeping moisture out while leaving no stickiness, discolouration or stiffness.

SIZE	500ml
CODE	5033

CRC LEAK DETECTOR

CRC Leak Detector is formulated for the quick and easy site detection of gas and air leaks. The water-based formula contains no oils, silicones or harmful solvents. CRC Leak Detector quickly and reliably locates gas leaks and pressure losses in pipes and pressurised systems by forming highly visible bubbles when applied over any leak.

SIZE	510g
CODE	14503

CRC DUST BUSTER

CRC Dust Buster supplies a powerful burst of compressed pure propellant gas to safely remove dust and lint from all delicate precision equipment and hard-to-reach areas. It is versatile and handy and should be part of every marine servicing kit.

SIZE	300g
CODE	2067

CRC FREEZE SPRAY

CRC Freeze Spray is a multi-purpose freezing agent for maintenance, trouble shooting and repair. CRC Freeze Spray instantly cools small components and isolates circuits to assist with diagnosis of heat-induced failures and is ideal for finding electrical faults.

SIZE	300g
CODE	2039

CRC BATTERY TERMINAL PROTECTOR

CRC Battery Protector is designed to protect battery terminals from corrosion and maintain the batteries peak performance level. CRC Battery Protector provides a dry, lead-free protective coating that keeps moisture, salts and grime from corroding metal contacts. It maximises performance, provides long lasting protection and extends battery life. Keep your marine battery in top shape.

SIZE	300g
CODE	5098

CRC ENGINE START

CRC Engine Start helps rapid initial start up for all slow-to-start diesel and petrol engines (two-stroke and four-stroke). When sprayed into the air cleaner, the special formulation of CRC Engine Start significantly lowers the energy required for immediate combustion. A must for all safe boats.

SIZE	400ml
CODE	5040

CRC 1 TANK DIESEL AND PETROL

1 Tank Power Renew is a concentrated one-tank cleanup that delivers a powerful SHOCK to dirty fuel systems. Made with the maximum available chemistry it's the most powerful diesel fuel system cleaner on the market. Excellent cleanup for the sticky injectors frequently found in modern common rail systems. Available for diesel and petrol engines.

	DIESEL	PETROL
SIZE	1L	1L
CODE	5816	5815

CRC FIBERLOCK

Pour CRC FiberLock® directly into your radiator for a fast, permanent repair. CRC FiberLock® works on head gaskets, engine blocks, intake gaskets, cylinder heads, freeze plugs, heater cores and coolant leaks and features a powerful 3-tier formal compatible with all types of antifreeze.

SIZE	400ml
CODE	1224

Fillers

CODE	7001	7002	7003	7004	7006

CRC CYCLONE BODY FILLER

CRC Cyclone Body Panel and Dent Filler is a high grade polyester based cream filler suitable for many applications. It is ideal for repairing damage to steel, aluminium and fibreglass panels in boats.

SIZE	3.2 Litre
CODE	7111

Welding

CRC WELD CHECK

CRC Weld Check® is a non-destructive, three part, dye penetrant system, for fast and reliable crack detection.

It is designed for checking welded joints and engineering components for hairline cracks and fractures, locating surface-breaking defects in all non-porous materials including; most metals, plastics, and ceramics.

	Penetrant	Developer	Cleaner	3 Pack
CODE	3106	3107	3108	3109

CRC WELD ANTI SPATTER

CRC Weld Anti-Spatter is an advanced technology lubricant formulated with a blend of release agents to prevent welding spatter from permanently adhering to surrounding metal surfaces. It quickly forms an efficient heat-resistant coating and eliminates the need to chisel or grind spatter after welding.

CRC Weld Anti-Spatter is non-flammable and contains no silicone to interfere with post-weld coatings.

Temperature Range -20°C to +150°C. MPI Approved C12

SIZE	400ml
CODE	3358

Adhesives

Anyone who knows anything about marine life, knows ADOS glue have been used by boat builders and the construction industry for over 40 years. Which is how ADOS has earned a reputation for quality that's hard to beat.

Now ADOS has introduced a new super strength range of epoxy glues and resins specifically designed for the marine industry. Whether you're a do-it-yourselfer or a professional boat builder ADOS has an epoxy product to meet your needs.

ADOS F2 CONTACT ADHESIVE

ADOS F2 is a high performance general purpose contact adhesive. It is water resistant and flexible and its high bond strength makes it ideal for a wide range of uses. ADOS F2 is easily applied, highly versatile, durable and bonds instantly to most substrates.

SIZE	75ml Tube	75ml Blister Tube	125ml	250ml

Adhesives

ADOS MULTIPURPOSE SPRAY ADHESIVE

ADOS Multi Purpose Spray Adhesive bonds most materials quickly and easily, giving a long lasting bond. It is formulated to give a fast tack off, low soak spray and dries clear.

SIZE	210ml	575ml
CODE	8015	8017

ADOS F3 NON DRIP CONTACT ADHESIVE

ADOS F3 is a thixotropic, high strength contact adhesive. It is formulated to be non-spill and non-drip, giving greater control of application and better coverage. This gel feature makes it ideal for vertical and ceiling applications and for bonding onto porous surfaces.

SIZE	250ml	500ml	1 Litre	4 Litre
CODE	8018	8020	8022	8024

ADOS F22 LONG TACK CONTACT ADHESIVE

ADOS F22 is a high-performance contact adhesive that has been optimised for brushing. Its long tack allows more working time and its high viscosity makes it suitable for coverage of porous surfaces.

SIZE	500ml can + brush	1 Litre	4 Litre	20 Litre
CODE	8026	8028	8030	8032

ADOS F38 HIGH HEAT CONTACT ADHESIVE

ADOS F38 is an outstanding heat resistant contact adhesive capable of withstanding temperatures of up to 175°C. It is especially suited to areas where very high heat is encountered and where surfaces are exposed to direct sunlight.

SIZE	500ml Can + Brush	1 Litre	4 Litre Clear	20 Litre Clear	20 Litre Red
CODE	8034	8036	8038	8042	8044

ADOS SOLVENT N

ADOS Solvent N is a general purpose cleaner used for cleaning equipment and surfaces contaminated with adhesives. It is used for pre-wiping surfaces prior to applying adhesives and can be added to adhesives as a thinner.

SIZE	500ml	500ml	1 Litre	4 Litre	20 Litre
CODE	8200	8205	8202	8204	8206

ADOS UHS AEROSOL ADHESIVE

ADOS UHS is an ultra high strength contact adhesive which gives an immediate and permanent bond on a wide variety of surfaces. It is formulated to give low soak, cure fast, dry clear and be non-staining. It has high heat resistance and is suitable on porous and non-porous surfaces making it ideal for a wide variety of applications, where permanent, high strength bonds are essential.

SIZE	500ml
CODE	8180

Sealants

ADOS RTV NEUTRAL & ACETIC CURE SILICONE

ADOS RTV Neutral Cure Silicone is a single component general purpose, fast curing, room temperature vulcanising silicone. Specially formulated and translucent in colour for use on steel, aluminium, painted surfaces and most plastics to form a flexible weatherproof seal.

ADOS RTV Acetic Cure Silicone is a single component, fast curing, room temperature vulcanising silicone designed for glazing applications, general sealing and weatherproofing. It is suitable for use where etching of substrate is desirable e.g. glazing and gasketing.

SIZE	310ml Neutral

ADOS HS-E ADHESIVE

ADOS HS-E High Strength Elastomeric (flexible) Adhesive is a one component structural adhesive with MS Technology. It has excellent adhesion and very strong bond to building materials, metals and plastics making it ideal for applications in the construction, building, engineering, automotive and marine industries. It is extremely versatile and can replace most water and solvent based construction adhesives, polyurethane adhesives and sealants. It is ideal for fixing and sealing cleats, deck fittings and boat body parts.

Sealants

ADOS LEAK STOP

ADOS Leak Stop is an instant waterproofing sealant that can be applied in rain, snow, and even under water, sealing immediately with no fear of wash off. Bridging cracks and gaps up to 10mm in both WET and DRY conditions ADOS Leak Stop provides superior flexibility, strength, and durability, perfect for almost every application.

ADOS Leak Stop adheres instantly, providing a permanent and flexible waterproof membrane, suitable for nearly all surfaces such as, aluminum, galvanized iron, lead, glass, concrete, wood, stone, asphalt, corrugated iron, roofing felt, PVC guttering and bituminous waterproof sheeting.

ADOS MS SEALANT

ADOS MS Sealant is a BRANZ APPRAISED high performance one-component adhesive sealant based on Hybrid Silyl Modified Polymers (commonly known as MS or SMP). It has excellent primerless adhesion to all materials commonly used in engineering.

Formulated for durable bonding, sealing and waterproofing gaps in dilation joints, this innovative and environmentally friendly product cures quickly in ambient temperatures and retains excellent bond strength, elasticity and tear resistance over the years. It skins over in a short time resisting dust and dirt pickup and can be applied in thick layers without shrinking or bubbling.

Epoxies / Epoxy Solvent

ADOS STRUCTURAL ADHESIVE

ADOS Structural Adhesive is a superior one-to-one mix adhesive that will out-perform most other adhesives. Its gap filling qualities will bridge and strengthen irregular joins. ADOS Structural Adhesive will not slump, has high impact resistance and may be milled, tapped, screwed, sawn and painted over when cured.

ADOS TIMBER SEALER / PRIMER

ADOS Timber Sealer/Primer is an equal mix epoxy coating. Once applied it soaks deep into the timber cells and hardens to an extremely tough epoxy coat. The dense coat stops any water entering staining or rotting the timber. ADOS Timber Sealer/Primer can be painted over with varnishes, oil paints and acrylic paints.

CRC MINUTE MEND

Minute Mend is a versatile epoxy putty for immediate, permanent repairs. It can be used to reshape, rebuild or permanently repair a variety of surfaces and applications. It is hand-kneadable and mixes in just one minute. Minute Mend is ideal to permanently repair scratches, gouges and holes plus stops leaks.

SIZE	114g
CODE	14070

ADOS RAPID RESIN

ADOS Rapid Resin is a high-performance two part epoxy glue. Its high speed cure makes it ideal for fast permanent repairs to almost anything.

SIZE	250ml Clear
CODE	4463

CRC PERMA-MEND

Perma-Mend is a unique, easy-to-use UV or sunlight activated, self adhesive repair patch. Made of fiberglass reinforced polyester. It exhibits extremely good adhesion properties for long lasting repairs. Rated up to 2200 PSI when properly applied.

Features and Benefits:

- Non-flammable and non-toxic
- Flexible, waterproof and UV resistant
- Can be drilled, tapped, sanded and painted in less than an hour
- Constant temperature resistance from -40°C to 200°C

	7.6 x 15.3cm	UV Flashlight
CODE	14089	14098

ADOS ALL PURPOSE RESIN

ADOS All Purpose Resin is a sheathing and laminating resin designed for extreme durability in marine applications. It is especially suited for use with fibreglass cloth in the surface protection of timber in marine situations. No thinning required.

ADOS EPOXY SOLVENT CLEAN UP

ADOS Epoxy Solvent Clean Up is a high solvency solvent blend for use with ADOS Epoxy Systems. It is especially suitable as a clean-up solvent after fibreglassing operations and may be used for cleaning spray equipment, brushes, rollers.
