PART OF THE NILFISK GROUP

Keep your business up and running

– the Viper circle of quality

Our mission is to keep our promise to our customers / partners and deliver quality products at good-value prices.

No time to waste

Viper cleaning equipment is staff training and easy to use. This makes costly staff training redundant.

Keep things running

Robust construction and own production of components are the secret behind less downtime and increased productivity.

Built to be used

Cleaning equipment is heavily used and well-worn. No matter the challenge, Viper keeps going on and on ...

Powerful partnership

Viper products provide a powerful cleaning solution and presents a good fit to with our wider and existing range of solutions. Reliable, simple and versatile.

Why Viper

– built to be used, made to last

Viper is dedicated to delivering professional cleaning equipment that meets and exceeds the expectations of our customers. This is based on reliable, easy-to-use and service friendly product portfolio. We have the best quality/price ratio in our target market. We support our customers through our well trained dealers, who know their markets, segments and our products.

Cleaning Professionals

Cleaning professionals today face various challenges: more competition and increasing price pressure as well as labour shortages.

Our reliable partner network are aware that easy to use equipment is high on agenda for cleaning operatives and Viper can meet these demands.

Education and Public Administration

Substantial sums of money are invested in educational facilities and their operation. In order to protect these investments and create a positive learning environment, these facilities require continuous maintenance using professional cleaning technology.

These areas demand high efficiency, reliability and cost effective products – Viper we can meet these demands for offices, classrooms, canteens, sports halls and outside areas require constant cleaning attention.

Manufacturing and Warehousing

As a manufacturer we understand the wide variety of cleaning applications that need to be considered.

Efficiency, reliability and safety are key to maintaining productive warehousing and logistics operations and maintain a safe and productive manufacturing facility.

Production and warehouse floors, car parks and offices are all areas where Viper products can make a difference to everyday cleaning tasks.

Simple to use carpet cleaner that offers effective dirt extraction

The perfect solution for dirt extraction in medium-sized and heavy-traffic areas

- It has large rear wheels and rotating front wheels that makes it light and easy to manoeuvre
- The big recovery tank means a larger capacity for dirty water so the user does not have to empty the tank as often
- Higher pump pressure compared to competitors making sure water is spraying evenly and strongly on the carpet
- Solution tank and chassis integrated into one part making it much more robust
- You can easily empty the tank without taking off the motor

Simple to use medium-sized walk-behind scrubber dryer

You will find it ideally suitable for daily indoor cleaning in medium sized areas of hotels, restaurants, schools, shopping malls and other retail outlets, as well as hospitals, metro/train stations.

- Available in cable and battery versions
- The solution tank and recovery tank is integrated into one molded part which creates a greater tank capacity. The body architecture helps to increase tank capacity for longer cleaning operations with one fill. This saves you time!
- Easy to use. Both the built in charger (battery versions), reduced pushing force and ergonomic start/stop switch gives the user a better handling of the product and requires less force during cleaning
- User-friendly and simple. The cover of the recovery tank is much bigger than competitor products and this makes cleaning the recovery tank easier
- Easy to fill clean water tank, both brush and vacuum motors are very well protected from water splash

A more efficient choice for fast mid-size cleaning tasks

When your floorcare needs to keep customers impressed – without requiring significant labour or resources – the Viper AS4 series offers a convenient solution, with cable- or battery-powered models that take the stress out of routine daily cleaning.

- Eco and Silent modes make it easy to clean over longer periods or in sound-sensitive areas
- Easy access to solution tank, battery, and working components, with tool-free squeegeeblade removal
- Convenient controls and LCD display for fast, effective training and operation
- Ergonomic handle design minimise operator fatigue and adjusts for multiple users

Tool-free removal and assembly of squeegee simplifies maintenance

Intuitive control panel provides control over all functions (AS4325 model)

Convenient front access to solution tank for quick refills

A new generation of high-performance floorcare

When hard flooring needs a bit of extra effort to get the best results, the Viper AS series is ready to make the difference, with dual-brush or orbitaldeck models for applications ranging from heavy-duty scrubbing to surface-stripping.

- Adjustable brush-pressure settings make it easy to handle all kinds and levels of dirt
- Solution-flow management ensures optimal control of detergent dosage
- Eco and Silent modes make it easy to clean over longer periods or in sound-sensitive areas
- Easy access to solution tank, battery, and working components, with tool-free squeegee-blade removal
- Convenient controls and LCD display for fast, effective training and operation

Orbital scrubber for floor cleaning or coat stripping (AS7190TO)

Intuitive control panel with LCD screen for all models (AS6690T/ AS7690T pictured)

Recovery tank with hand grip for easy tilting

The perfect ride-on solution for scrubbing and drying

The AS530R is the first mini ride-on scrubber dryer in the user-friendly Viper series, known for providing high cleaning efficiency at attractive prices. With battery and tank capacity to clean for hours, this machine is ready to take on areas of more than 5.000 m². Ideal for cleaning in hotels, exhibition centres, commercial environments, schools and other institutions.

- Simple and easy to operate: Intuitive dashboard, one touch button and userfriendly menu for operation settings
- Robust and powerful: Use mechanical way to lift or lower the brush or squeegee. And the optional front bumper protects the machine for a longer life-time
- Reliable and safe: Automatic reduce speed control and ergonomic seat with safety switch. Built-in squeegee hanging system on recovery tank for easy machine transfer in narrow areas
- Storage for phone or other gadgets, USB port provides a fast solution for charging your phone
- An integrated on-board charger enables easy plug-in and battery charging at any outlet
- Large opening to the recovery tank allows easy cleaning

Handle the biggest floorcare challenges with ease

Designed with truly massive floor space in mind, the AS1050R is Viper's largest ride-on scrubber, but don't let the size fool you – it's still compact and maneuverable, and built with safety and resource-efficiency in mind.

- Dual-vacuum system for consistent performance, and powerful water pump to dual brushes/pads
- Eco mode for maximum productivity and optimal consumption
- Safety-centric features, including large bumpers, automatic braking and speed-reduction, and ergonomic seating with safety switch
- Tool-free access/replacing of daily-use parts
- Automatic click-on/off brush/pad engagement

LCD heads-up display
incl. hour meter

Sturdy bumper with
high-visibility lights

Easy-access debris tray

Compact, easy to use and maintain

The PS480 is a manual sweeper offering you a robust and highly productive cleaning solution which is easy to use and available at a competitive price.

- The compact design makes the Viper PS480 ideal when space is limited and for cleaning in congested areas
- For most of the time, the sweeper is virtually service free, as it is purely mechanical – with no motor, battery or power cord
- The main broom is adjustable by turning the handle knob. It is driven by a two-wheel transmission, and when the sweeper is pulled back, the broom will stop rotating
- To replace the main broom, just unscrew three screws on each side of it

Services

CUSTOMER SERVICE

VIPER cleaning solutions are available from Nilfisk and Nilfisk's dealer network in the UK and Ireland. Nilfisk works with our dealer network to extend and improve our service capacity for delivering products that are "easy to use and maintain".

WARRANTY

All VIPER cleaning equipment has been carefully tested and inspected by a Quality Manager at the factory. It is guaranteed, subject to the terms stated in the warranty, to be free of defects in materials and workmanship. Our service dealer will repair or replace any parts which, upon examination, prove to be defective in material and workmanship. For warranty claims, call your VIPER service dealer.

Applies to VIPER cleaning equipment sold in Europe, Middle East and Africa:

- Your VIPER cleaning equipment is guaranteed against any manufacturing defects for one year from the date of purchase.
- The warranty is issued only at the time of original purchase; it is non transferable.
- VIPER service dealer will repair VIPER cleaning machine in the warranty period.
- Establishing the original purchase date should be made by the original consumer purchase via the sales slips or other evidence.
- All mail or transportation costs including insurance are at the expense of the owner. All other claims of any nature are not covered.
- Warranty for VIPER cleaning equipment is only valid in the country or region of purchase.

NOTE: This warranty does not apply to damage caused by accident, misuse, do-it-yourself repairs, negligence, abuse, fire, or to any VIPER product, which has been repaired by other than an authorized VIPER service dealer. Also wearing parts are not covered by warranty. Warranty is void if products are used for any purpose other than that which was intended. Please read instruction manuals and maintenance instructions carefully.
